

# 6<sup>TH</sup> TRAINING SCHOOL: UPSCALING & MAINSTREAMING GUIDELINES

5<sup>th</sup> October 2016, Crete, Greece

ALBATROS SPA & RESORT HOTEL

Dedaloustreet 1,

70014 Hersonissos Heraklio Crete

## 1 Concept

As part of its training & mentoring programme, the BeyondSilos project will hold its 6<sup>th</sup> training school on the topics of *"Upscaling & Mainstreaming Guidelines"* on Crete, Greece on the 5<sup>th</sup> October 2016.

The workshop is mainly addressed to researchers, health and social care practitioners, health and social care providers and communities (community organisations, support groups and the public) working in the implementation of integrated e-care services at the BeyondSilos pilot sites. We are also happy for relevant staff from pilot sites of the SmartCare and CareWell projects and the Committed Regions Board in SmartCare to attend the training school.

This training event will be divided into three main parts:

- Welcome & Approach to the Agenda
- Actions and success factors on Integrated Care- Maturity Model : EIP on AHA
- Innovations in Active and Healthy Ageing Guidelines for Deployment on Integrated Care

### Active preparation

We would like the training school to be a highly interactive event, with everyone participating actively at all stages, and the programme is designed to achieve this.

You are therefore cordially invited to come well prepared and ready for action. What do you want to learn? What are your questions? What are your experiences that are relevant for others? Please think of three or more critical questions that you want to have answered during the workshop.

## 2 Agenda- One full day

09:45 – 10:00 **Arrival**

10:00 –10:30 **Introduction to the day**

## 3 Practical issues

### 3.1 Venue

The mentoring school will take place at:

ALBATROS SPA & RESORT HOTEL  
Dedaloustreet 1,  
70014 Hersonissos Heraklio Crete

### 3.2 eLearning access

The training school will be a combined face-to-face event and webinar. The latter will allow local staff to attend even if travel is not feasible.

More information will follow in due course.

### 3.3 Video filming

The training workshop will be filmed and made available online to participants later on.
